

Task-4

Part B –Social Media Do's and Don'ts Checklist

Responsible Social Media Use for College Students

Do's (Best Practices):

- Think before you post – Consider how your content may impact your reputation and others.
- Maintain a professional digital identity – Assume that professors, recruiters, and employers may view your profile.
- Verify information before sharing – Always cross-check facts to avoid spreading misinformation.
- Respect others' privacy and consent – Ask permission before posting or tagging others.
- Use strong privacy settings – Regularly review and update your account settings.
- Communicate respectfully – Use polite and appropriate language in comments and messages.

Don'ts (Things to Avoid):

- Do not share sensitive information – Avoid posting personal details like phone numbers, addresses, or financial data.
- Avoid posting offensive or inappropriate content – This includes abusive language or explicit material.
- Do not engage in online conflicts – Avoid arguments, trolling, or negative discussions.

- Do not plagiarize content – Always give credit when sharing someone else's work.
- Avoid accepting unknown requests blindly – Fake profiles can lead to scams.
- Do not overshare your personal life – Excessive sharing can affect your safety and reputation.

Short Explanation -:

Poor digital communication can lead to misunderstandings and negative consequences. For instance, a student once sent an email to a professor using informal language and an unclear tone while requesting an extension. The professor perceived it as disrespectful and rejected the request.

This situation could have been avoided by following proper email etiquette, such as using a clear subject line, maintaining a polite tone, and structuring the message properly. Professional communication helps convey respect and clarity, reducing the chances of misinterpretation.

By practicing good digital communication skills, individuals can build a positive impression, maintain professionalism, and avoid unnecessary conflicts in academic and professional settings.
