

Task 5: Cyberbullying

Part B -:Prevention Checklist: Stay Safe Online

Stay Safe Online – Practical Checklist for College Students

UPI & Financial Security

- Remember that a UPI PIN is exclusively for sending money; never enter it to receive funds.
- Distinguish between "Pay" and "Collect Request" by reviewing payment prompts carefully.
- Confirm the identity of the sender before you authorize any transaction.
- Stick to verified official applications such as Paytm, PhonePe, or Google Pay.
- Minimize potential losses by configuring transaction limits on your bank accounts.

General Cyber Safety Measures

- Refrain from clicking on suspicious links received via email, SMS, or chat apps.
- Keep your passwords, bank information, UPI PINs, and OTPs strictly confidential.
- Utilize two-factor authentication alongside app and screen locks for better security.
- Don't use public Wi-Fi networks for any financial activity.
- Check bank statements frequently and set up instant transaction notifications.

Emergency Response Steps

- Report any fraudulent activity at once through the National Cyber Crime Portal at cybercrime.gov.in.
- Dial the 1930 Helpline immediately to improve the likelihood of recovering your funds.
